Encounters Tab in ICW

View a patient's Progress Notes in the Interactive Clinical Wizard

The screenshot displays the eClinicalWorks (ICW) interface for a patient encounter. The top header shows the patient's name, date of birth, and account number. Below this, there are several tabs for navigating through the patient's record: Medical Summary, OB Summary, CDS, Rx, Labs, DI, Procedures, Growth Chart, Imm, T.Inj, Encounters, Patient Docs, Flowsheets, Notes, and ASC. The main content area is divided into several sections: a form for encounter details (Answered By, Date/Time, Caller, Reason, Assigned To, Provider, Facility, Pharmacy, Status, High Priority, Perform Eligibility Check), a Messages section, and an Action Taken section. On the right side, there is a patient history panel with a red warning icon and a right panel data last modified timestamp. Below this, the patient's name and basic information are displayed, followed by a list of progress notes. The most recent note is dated 07/15/2022 and is a progress note by Sam Willis, MD. The note content includes sections for Reason for Appointment, Current Medications, Past Medical History, Allergies, and Review of Systems. The interface also includes a bottom navigation bar with buttons for Print Script, Send Rx, Print Report, Progress Note, Document, Save as Template, Apply Template, OK, Cancel, and navigation arrows.
